

Dana Galiano, CMB

National Mortgage Insurance Corp.

Experienced Mortgage Banker that loves connecting with people to find solutions to help them achieve their destiny. I received my CMB in October of 2022.

Since 1998, I have been in this industry touching every part of the loan process before entering into sales. I then went on to Sales and Leadership roles at leading Financial Services companies across the United States. The many relationships and friendships I have as a result of working in the mortgage industry are my greatest strengths.

Dana Galiano, CMB

Director, Sales Effectiveness
