I have been in the payroll industry for over 35 years.

I do consulting and selling for PayDay Payroll Resources. PayDay can handle small to large firms over 200 pays.

The most important thing I do when seeing my prospects and clients is due diligence to make sure the businesses get the right information they require, plus a competitive price.

I am also on the Board of SJNAWBO for 3 years and I am CO Director, bringing in over \$52,000.00 a year in Corporate Sponsorship.
